

Delegation of Authority

The Texas Department of State Health Services will now require a Delegation of Authority for all future Radiation Safety Officer amendment requests, new License applications, and Transfer of Control applications.

The Delegation of Authority acknowledges the responsibilities of a Radiation Safety Officer detailed in Title 25 Texas Administrative Code Section 289.252(f)(3), and gives the RSO the authority necessary to meet those responsibilities. The form must be signed by a Management Representative and the RSO.

General License Acknowledgements and Industrial X-Ray Registrations do not require a Delegation of Authority.

If you have any questions or concerns, call (281) 338-2133 to speak with one of our Radiation Safety Consultants or reply to this email.

Suntrac offers **sealed source leak testing, meter calibration, repair and sales, personnel radiation monitoring (dosimetry), and radiation safety training**. Please visit www.suntrac.com for more information on additional services, or give us a call at 281-338-2133.
